Dear Resident/Property Owner:

RE: NOTICE OF CONSTRUCTION
Zone 1 Watermain from Burloak Water Purification Plant to Kitchen Reservoir,
Wards 1 & 4, Town of Oakville, and Ward 5, City of Burlington, Our File: PR-
2580C

Beginning summer of 2015, Halton Region will be constructing a 6.6 km tunneled watermain along Rebecca Street, Great Lakes Boulevard, Burloak Drive, Upper Middle Road (Easement) and Colonel William Parkway from Burloak Water Purification Plant to Kitchen Reservoir in the Town of Oakville and City of Burlington. This work is required to supplement water supply to future development lands in north Oakville and Milton.

The contractor for this project is C&M McNally with project administration by R.V. Anderson Associates Limited. Construction is expected to be completed by winter 2018.

Utilities such as Union Gas, Hydro and Bell Canada have already started to locate and mark out their existing infrastructure to prepare for this construction. Please do not remove these marker stakes or paint markings until the project is finished.

Project Related Information and Recommendations:

- **Traffic Delays** – The project may cause traffic delays, lane shifts or lane restrictions. We will make every effort to minimize any potential inconvenience and provide you with advance notice when

disruptions must occur. Police and emergency vehicle access will be maintained at all times.

- **Waste Collection** - Your garbage and recycling will continue to be picked up on your regularly scheduled day. It is the contractor's responsibility to move your garbage and recycling to a location where our collection vehicles can pick them up. Please mark your house number on your containers or bins to help with identification.

- **Truck Traffic** – At times you will notice increased truck traffic in the construction area. Please be aware and use extra caution while driving.
- **Vibration** – You may experience some vibration due to the work being done. As a precaution, we recommend that you remove or secure objects on shelves and walls.
- **Mail Delivery** – We don't anticipate any changes or delays to mail delivery to your property. If there are any changes, you will be notified in advance.
- **Noise** – You may experience noise as a result of construction. Work will be scheduled in accordance with local noise bylaws.
- **Night Work** – Night work may be required as part of this project. You will be notified in advance of any change in work hours.
- **Dust and Mud** - Due to the nature of the work, there may be increased levels of dust and mud near the work site. The contractor is required to manage these impacts.

This project is part of *Building a Better Halton*, the Region's infrastructure construction plan for roads, water, wastewater, and waste management projects across Halton Region. For more information on Regional construction projects, visit www.halton.ca/construction.
