

Regional Road 25 Public Information Centre #1 – Next Steps (Video 5) – Text Description

Slide 44 (Video 5 – Next Steps)

Hello and welcome to the final video presentation for the Regional Road 25 MCEA study. In this video, we will review the upcoming study milestones, the next steps in the study, and how to provide your feedback on the material shared as part of this PIC.

Slide 45 (Study Milestones)

The Project Team has completed Phase 1 (Problem and Opportunity) and is currently nearing the end of Phase 2 (Alternative Solutions) of the MCEA process.

Next, the Project Team will review all feedback received from this Public Information Centre (PIC) and advance to Phase 3 to develop alternative design concepts and the preliminary design for Regional Road 25. This work will be presented at PIC #2, tentatively planned for Spring/Summer2024.

Following PIC #2, an Environmental Study Report will be prepared to document the decision-making process and study recommendations. The Environmental Study Report will be made available for public review for a minimum 30-day period at the end of the study.

Slide 46 (Next Steps in the MCEA Study)

Following this PIC, the Project Team will:

- review and consider feedback from agencies, stakeholders, Indigenous Communities, and the public;
- develop and assess alternative design concepts for each corridor section; and
- develop the preliminary design and present at PIC #2.

We encourage you to submit any comments or questions to the Project Team by **Thursday, November 9, 2023**. Please provide your feedback using the online survey on the study webpage.

Thank you for watching this video presentation and your interest in the Halton Regional Road 25 Municipal Class Environmental Assessment study. Your input is important to us!
