

## NOTICE OF FILING OF ADDENDUM

### Relocation of the Zone 4 Reservoir (Trafalgar Road and No. 5 Side Road, Town of Halton Hills)

Halton Region completed the Sustainable Halton Water and Wastewater Master Plan Class Environmental Assessment Study in 2011. The purpose of the study was to develop a Region-wide water and wastewater infrastructure strategy to service growth in Halton's urban areas to 2031, based on the approved 2011 Best Planning Estimates. One component of the preferred water servicing strategy included the need for a new water storage reservoir (Zone 4) on Trafalgar Road (350 metres south of No. 5 Side Road) to provide water storage for Milton and North Oakville service areas.

Since the 2011 Master Plan document was completed, additional water infrastructure has been constructed within the service area and staff has undertaken additional technical review of the proposed water level at the Zone 4 Reservoir based on the water system response. To mitigate the potential for future customer concerns related to water pressure, the water level for the Zone 4 reservoir was re-evaluated and a new alternative site location has been recommended as illustrated in the map (approximately 1000 metres further north of the site chosen during the original 2011 Master Plan).

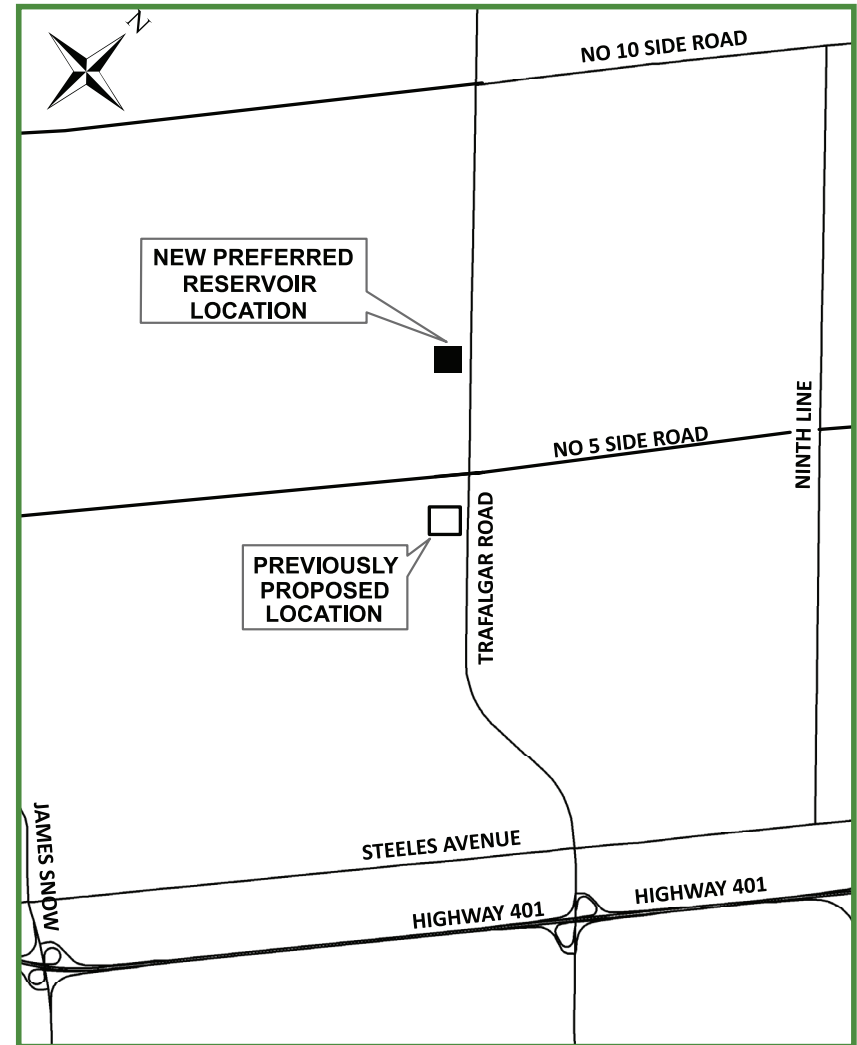

Halton Region has completed a report for the Addendum to the Sustainable Halton Water and Wastewater Master Plan – Zone 4 Reservoir (the Addendum Report), which documents the basis for the changes and the revised recommendations. **The Addendum Report** is available electronically at [halton.ca/2011MSP](http://halton.ca/2011MSP). The Report is also **available during the review period from Thursday, August 6, 2015 to Friday, September 4, 2015 at the following locations:**

Regional Municipality of Halton	Town of Halton Hills	Town of Milton
1151 Bronte Road, Oakville Citizen's Reference Library Monday – Friday: 8:30 a.m. – 4:30 p.m.	1 Halton Hills Drive, Georgetown Clerk's Department Monday – Friday: 8:45 a.m. – 4:30 p.m.	150 Mary Street, Milton Clerk's Department Monday – Friday: 8:30 a.m. – 4:30 p.m.

Subject to comments received as a result of this notice, Halton Region intends to proceed with the implementation of the design and construction of the Zone 4 reservoir project as documented in the Addendum Report.

If after reading the Addendum Report, you have questions or concerns, please contact:
