

NOTICE OF PUBLIC INFORMATION CENTRE #2

MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT STUDY

Norval West Bypass Transportation Corridor Improvements
Highway 7 to 10 Side Road (Regional Road 10), including 10 Side Road
from Tenth Line to Adamson Street/Winston Churchill Boulevard (Regional Road 19)
Town of Halton Hills PR2921B

Study

Halton Region is carrying out a Municipal Class Environmental Assessment (MCEA) Study for the [Norval West Bypass from Highway 7 to 10 Side Road \(Regional Road 10\), including 10 Side Road from Tenth Line to Adamson Street/Winston Churchill Boulevard \(Regional Road 19\)](#), in the Town of Halton Hills. A number of road improvement alternatives have been examined as part of this Study. Development of the alternatives has taken into consideration active transportation, traffic and intersection operations, drainage, cross-section, and natural environment requirements. The impacts of the road improvements on the social, cultural, and natural environments have been assessed and evaluated throughout the study.

Process

The Study is being carried out in accordance with Schedule C of the MCEA, (October 2000, as amended 2007, 2011, 2015 and 2023), which is an approved process under the *Ontario Environmental Assessment Act*.

A key component of the Study is consultation with interested parties (public and review agencies) through Public Information Centres (PICs). The purpose of this PIC is to review and obtain input on the preliminary preferred design alternative. Anyone with an interest in this study is invited to participate virtually. To learn about the study and provide input through our online survey, visit the [project webpage on halton.ca](#). The online PIC will be available as follows:

Date: Wednesday, January 31 to Wednesday, February 28, 2024
