

Housing with Support Services

These programs are for applicants that currently need up to 1.5 hours of help with personal care each day to live independently. Personal care means tasks like showering, getting dressed and medication management.

This program is not suitable for those who can not direct their own care, who need 24-hour care or supervision, or who need only housekeeping services.

This form is for applicants who are only interested in housing with Support Services.

You should not complete this form if:

- If you do not **currently** need up to 1.5 hours of help per day with personal care
- If you are interested in one-bedroom housing opportunities that do not offer support services
- If you are already receiving supports that will continue if you move. If you are unsure whether your support will transfer with you, please contact your Service Provider.
