1. CWELCC Operator Webinar Recording

On June 30, 2022 Halton Region hosted a webinar for child care operators which provided an overview of Halton's opt-in process and requirements for the Canada-Wide Early Learning and Child Care System, and next steps to support implementation.

The recorded webinar can be found at the following link:

2. Question and Answer Sessions

All licensed child care operators are invited to attend a Question and Answer Session on the CWELCC System. These sessions are optional and will provide an opportunity for operators to ask questions in a small group setting with myself and other Regional staff. The sessions will be organized by auspice (for-profit and not for profit). For Licensed Home Child Care agencies, continued engagement will take place separately using the currently scheduled meetings.

Each Question and Answer Session will be limited to 25 participants. Please register for one session only. Participation is limited to 1-2 participants per organization in order to ensure all operators have an opportunity to attend one session. Registration will be on a first come first served basis; however, more sessions will be added if demand for participation exceeds capacity.

The links to register for the Question and Answer Sessions are in the table below, organized by auspice (for-profit and not-for profit). Registration details will be confirmed through a separate e-mail.
