

Building a Better Halton

August 29, 2021

Basement Flooding Mitigation Program Part A

Sewer back up
prevention

Town of Oakville – Ward 2

Notice of Planned Construction Update #1 – PR-3042W

Fall 2022

About This Project

IMPROVEMENTS

Further to the Region's last notice on July 21, 2020, this Notice provides an update on the wastewater collection system enhancements planned by Halton Region within Ward 2, in the Town of Oakville.

Design work is currently in progress and construction is now tentatively scheduled for fall 2022. Another notice will be distributed once the contract is awarded and a more precise construction start date is confirmed. The Region will continue to provide updates on the status of this project as it proceeds to construction.

The purpose of this project is to mitigate basement flooding risks by rehabilitating existing wastewater infrastructure. The project will occur along the following streets, with limits of the work identified in the attached maps:

- Bridge Road
- Burton Road
- Mary Street
- Sandbrook Road
- Small Crescent
- Tansley Drive
- Warminster Drive
- Brookfield Crescent
- Glen Oak Drive
- Rebecca Street
- Sandhurst Drive
- Stafford Drive
- Valley Drive

Building a Better Halton
